

NDVI Interpretation Guide

AgriTech & FoodTech

Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Interprets NDVI (crop-vigour index) values and translates them into likely field conditions and actions. Use it when you have NDVI numbers/maps to read. For a fuller advisory from field observations, use the Satellite Crop Health Report.

Purpose of this tool & output

Understand what your crop-health index means

How the output is used

Use the guide to understand what your crop-health (NDVI) index means and how to act on it.

Important cautions

AI-generated interpretation; ground-truth by visiting the field.

Companion documents
