

NPOP Documentation Builder

AgriTech & FoodTech

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Builds the documentation set NPOP organic certification requires — field history, input register, farm diary, harvest and sales/traceability records — with a process overview. Use it to be inspection-ready. To choose the route, use the Organic Certification Guide.

Purpose of this tool & output

Prepare the records NPOP organic certification needs

How the output is used

Use the builder to prepare the records NPOP organic certification needs, before the certifier visits.

Important cautions

AI-generated guide; work with an APEDA-accredited certification body.
