This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Drafts an employment agreement for dealership staff with discrete terms — role, salary/incentive, duties, confidentiality/non-solicit and termination — for counter, field or accounts staff. Use it to employ staff correctly. Fill each term separately.

Purpose of this tool & output

Hire shop and field staff on clear terms

How the output is used

Use the draft to hire counter, field and accounts staff on clear terms — role, salary, cash and stock handling and confidentiality — reviewed for local labour law.

Who receives it

The agreement is between the dealership and the employee; each keeps a signed copy.

Fees & charges

Usually executed on nominal stamp paper as per your state; no heavy stamp duty for a simple employment agreement.

Who should vet it

A lawyer or labour-law consultant, to align the terms with the applicable labour laws and to word cash and stock accountability correctly.

Important cautions

Template for guidance, not legal advice. For staff handling cash/collections, define accountability clearly. Keep terms compliant with minimum-wage and labour norms and non-solicit clauses reasonable/enforceable. Have it reviewed locally before use.
