

Agri-Input Licensing Roadmap

Agri-Inputs & Farm Supply

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Produces a complete licensing roadmap for an agri-input business — seed, fertilizer, pesticide licences, dealer qualification, GST and DBT, with process, documents and priority. Use it to become fully legal. For a specific licence use its dedicated guide.

Purpose of this tool & output

Every licence and registration you need

How the output is used

Use it as your master checklist of every licence and registration the shop needs, in the order to get them, before you start selling.

Important cautions

Requirements and the qualification rule for pesticide dealers vary by state and change. Selling seed/fertilizer/pesticide without the proper licence is a punishable offence. Confirm current requirements and the DAESI/qualification norm with your district agriculture officer.
