

Service Inspection Checklist

Automotive & Mobility

Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a multi-point service inspection checklist — checks grouped by system (engine, brakes, suspension, electrical, tyres, fluids, body), advisory items to flag to the customer, and safety-critical points. Fill in your details below.

Purpose of this tool & output

Multi-point checks that build trust

How the output is used

Use the multi-point inspection checklist to build trust and surface genuine service needs.

Important cautions

AI-generated checklist; adapt to the vehicle and OEM schedule.
