

Service Pricing & Menu Builder

Automotive & Mobility

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Build a transparent, profitable service menu — packages with what each includes, a price and a margin note, labour-rate logic, and value packages (periodic, seasonal, AMC). Fill in your details below.

Purpose of this tool & output

Transparent, profitable service packages

How the output is used

Use the builder to create transparent, profitable service packages and a clear price menu.

Important cautions

AI-generated pricing; validate against your labour and parts costs.
