

Operations Manuals & SMS Documentation Guide

Aviation & Air Services

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Explains the manuals and documentation an operator must build for DGCA acceptance — operations manual, MEL, security programme, SMS, training and maintenance manuals — with structure and content. Use it to prepare the documentation for certification.

Purpose of this tool & output

Build the manuals DGCA requires

How the output is used

Use it to build the operations, training, maintenance and SMS manuals DGCA requires — the documentation backbone of an approved operator.

Important cautions

Manual content and DGCA acceptance requirements are detailed, CAR-driven and change and manuals must reflect actual operations. Confirm current requirements with DGCA and BCAS and prepare with experienced aviation professionals.
