

CAR Compliance Navigator

Aviation & Air Services

Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Helps identify the Civil Aviation Requirements (CARs) applicable to your operation and build a compliance map — so you meet the specific DGCA rules for your segment. Use it to navigate the CAR framework.

Purpose of this tool & output

Find and comply with the right CARs

How the output is used

Use it to find the Civil Aviation Requirements (CARs) that apply to your operation and stay compliant with each as they are updated.

Important cautions

CARs are numerous, detailed and frequently amended and the exact applicability depends on your operation. Refer to the current DGCA CARs and confirm applicability with DGCA and aviation compliance experts.

Companion documents
