

Aviation Approvals Roadmap

Aviation & Air Services

Document type: Plan / SOP / strategy / guide · Generated 29 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Maps every DGCA, BCAS and other approval your aviation business needs — by segment — with authority, sequence, prerequisites and rough timelines. Use it so nothing is missed and timelines are planned.

Purpose of this tool & output

All DGCA and other approvals you need

How the output is used

Use it as your master checklist of every DGCA and other approval your segment needs, in sequence, before you can operate.

Important cautions

Aviation approvals are numerous, sequential, exacting and slow and vary by segment; timelines often run to many months. Confirm the current requirements and CARs with DGCA and BCAS and plan for long lead times.
