Background

Designs a jet-card, membership or retainer program for charter or helicopter services — tiers, pricing, guaranteed availability, terms and economics — to build recurring, prepaid revenue. Use it to create loyalty and prepaid revenue.

Purpose of this tool & output

Design a jet-card or membership scheme

How the output is used

Use it to design a jet-card or membership scheme — the hours, pricing, terms and refund rules that make a prepaid programme fair and profitable.

Important cautions

Prepaid membership programs create customer-advance liabilities and availability commitments that must be honoured and properly accounted; over-selling availability harms trust. Structure funds handling and availability terms carefully with financial and legal advice.
