

Charter / Cargo / Training Niche Selector

Aviation & Air Services

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Helps pick a defensible niche within an aviation segment — for example medical vs corporate charter, or survey vs agri drones — matched to demand and your strengths. Use it to focus rather than spread thin.

Purpose of this tool & output

Find a viable niche within your segment

How the output is used

Use it to find a viable niche within your chosen segment — a specific route, cargo type or training line where you can actually win.

Important cautions

Niche demand and competition are local and specific and utilisation drives economics. Validate the niche demand and your ability to serve it before focusing.
