

Flight Simulator / FSTD Setup Guide

Aviation & Air Services

Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Explains setting up a flight simulator or flight-simulation training device (FSTD) — qualification, type, facility and the training and business model. Use it to plan a simulator as a training asset or standalone business.

Purpose of this tool & output

Set up a flight simulator or FSTD

How the output is used

Use it to set up a flight simulator or FSTD — the device, qualification, facility and approval steps to offer simulator training.

Important cautions

Simulators are capital-heavy and need DGCA qualification and periodic requalification and steady utilisation to pay back. Confirm the qualification requirements and training-credit rules with DGCA and validate utilisation demand.
