Banking, Finance & Fintech

Document type: Contract / agreement · Generated 13 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Outlines a lender-fintech (LSP) partnership agreement — roles (lender vs LSP), sourcing, servicing, data ownership, compliance responsibility, revenue and risk sharing, audit rights and termination — with a note that the lender retains regulatory responsibility under RBI. Use this to structure the deal. This is an outline to build on with legal review, not a signable contract.

Purpose of this tool & output

Structure lender-fintech partnerships

How the output is used

Use the draft to structure a lender-fintech (LSP) partnership within RBI digital-lending norms.

Who receives it

The regulated lender and the fintech/LSP — both sign; a copy each.

Fees & charges

Stamp duty per your state; GST applies on the services.

Who should vet it

A fintech/RBI-compliance lawyer, for the LSP roles, data, KFS and liability clauses.

Important cautions

AI-generated outline; align to RBI digital lending and outsourcing norms and legal review.
