

Risk Profiling Questionnaire

Banking, Finance & Fintech

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Builds a risk profiling questionnaire with scored options, risk categories (conservative / moderate / aggressive) and an interpretation that maps score to a suggested asset-allocation stance. Use this as part of your suitability process before recommending investments. For the allocation itself use the Asset Allocation Advisor.

Purpose of this tool & output

Assess client risk appetite properly

How the output is used

Use the questionnaire to assess a client risk appetite properly before recommending anything.

Important cautions

AI-generated questionnaire; use as part of a suitability process.
