

Trade Licensing & Registrations

Building Materials & Hardware

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Maps the licences and registrations a building-materials business needs — GST, Udyam, trade/shops licence, professional tax, and activity-specific ones (RMC pollution consent, storage/fire for certain materials) — separating mandatory from situational. Use it to map compliance. For the calendar use the Compliance Calendar.

Purpose of this tool & output

Every registration a materials business needs

How the output is used

Use it as a checklist of every registration a materials business needs — GST, trade licence, Shops and Establishment and more, in order.

Important cautions

Requirements vary by state, municipality and activity; RMC and sand/aggregate carry extra environmental/permit rules. Confirm what applies with a local consultant.
