Standard Sale Terms & Conditions

Building Materials & Hardware

Document type: Policy · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Drafts standard sale terms and conditions with each term separate — pricing and taxes, payment and overdue interest, delivery and risk, returns and quality/warranty routing, and jurisdiction — to print on invoices/quotations so every sale is on your terms. Use it as your standard T&C. For credit specifics use the Credit Sale & Guarantee Agreement.

Purpose of this tool & output

Protective sale terms on every bill

How the output is used

Use it to put protective sale terms on every bill — warranty limits, returns, delivery and payment conditions that reduce disputes and liability.

Who receives it

The terms apply to every customer buying from you and are owned by the proprietor; they are printed on the invoice or quotation and shown before the sale.

Important cautions

AI-generated draft; printing clear terms on invoices/quotations protects you on price changes, returns and quality claims. A lawyer should review and ensure consumer-law fairness.
