This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Draft a sales agency/indent agreement for chemicals — an agent introduces buyers or books orders for commission, without taking title — covering scope, commission, and conduct. Fill in the terms below.

Purpose of this tool & output

Appoint an agent to sell your chemicals

How the output is used

Use the draft to appoint an agent to sell your chemicals — scope, commission, territory and liability — then have a lawyer review it.

Who receives it

The agreement is between the principal and the sales agent/indenting agent; each keeps a signed copy.

Fees & charges

Usually executed on stamp paper per your state; GST applies to the commission as per law.

Who should vet it

A lawyer, to check the commission, authority-limits and liability clauses before signing.

Important cautions
