

# Consignment Stock Agreement

Chemicals & Process Industry

Document type: Contract / agreement · Generated 13 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

## Background

Draft a consignment-stock agreement for chemicals — supplier holds stock at the customer or a hub, ownership and billing on consumption, and safe-handling responsibility — for JIT supply. Fill in the terms below.

## Purpose of this tool & output

Place stock at the customer, bill on use

## How the output is used

Use the draft to place stock at the customer and bill on use — ownership, settlement, returns and liability — then have a lawyer review it.

## Who receives it

The agreement is between you (consignor) and the customer (consignee); each keeps a signed copy.

## Fees & charges

Stamp duty per your state stamp act; GST on consignment stock is handled as per the tax rules.

## Who should vet it

A lawyer, to fix the ownership, settlement and liability-for-loss terms so consigned stock is not silently your loss.

## Important cautions

AI-generated draft; have a lawyer review before signing.

## Companion documents

- Chemical Supply Agreement
- Toll / Contract Manufacturing Agreement
- Chemical Distribution Agreement
- Raw Material Supply Agreement
- Chemical Business NDA
- Technology / Know-how Licence Agreement

This is AI-assisted guidance. Verify with a qualified professional before any binding decision. Fees, authorities and processes vary by state and change over time — confirm with your state authority.
