

Major Accident Hazard (MAH) Guide

Chemicals & Process Industry

Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a guide to Major Accident Hazard installation obligations — how MAH status is determined, and the safety report, on-site/off-site emergency plans, and notifications required — for a hazardous chemical site. Describe the site below.

Purpose of this tool & output

Understand and meet MAH obligations

How the output is used

Use it to understand and meet Major Accident Hazard (MAH) obligations — whether your unit is an MAH installation and what that requires.

Important cautions

AI-generated guide; MAH determination depends on exact quantities - confirm with the chief inspector of factories/a consultant.

Companion documents
