

SDS Review & Gap Check

Chemicals & Process Industry

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Review a chemical Safety Data Sheet for completeness and consistency — paste the SDS content and get a section-by-section check for missing or inconsistent information and follow-up questions. Paste the SDS below.

Purpose of this tool & output

Check a supplier or draft SDS for gaps

How the output is used

Use it to check a supplier or draft SDS for gaps — a review against the 16-section GHS format before you rely on it.

Important cautions

AI-generated review; a competent person should verify hazard data and classification.

Companion documents
