

Contract Review & Risk Check

Construction & Infrastructure

Document type: Contract / agreement · Generated 29 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Spot risky clauses before you sign — a risk review by clause area (payment, LD and penalties, variations, risk allocation, termination, dispute) with concerns and suggestions, red flags for one-sided terms, and negotiation points. Not legal advice. Fill in your details below.

Purpose of this tool & output

Spot risky clauses before you sign

How the output is used

Use the review to spot risky clauses — payment, LD, indemnity, termination — and prioritise what to negotiate before you sign.

Who receives it

For your internal use and your lawyer; the counterparty is not a recipient of the review.

Fees & charges

No government fee for the review; a lawyer charges a professional fee for a formal legal opinion.

Who should vet it

A construction/contracts lawyer, to confirm the flagged risks and advise on negotiation.

Important cautions

AI-generated review, not legal advice; have a construction lawyer review before signing.

Companion documents

- Construction Contract Draft
- Subcontractor Agreement
- Labour Contractor Agreement
- Material Supply Contract
- Consultant / Architect Agreement
- Work Order Generator

This is AI-assisted guidance. Verify with a qualified professional before any binding decision. Fees, authorities and processes vary by state and change over time — confirm with your state authority.
