

PPE Policy & Matrix

Construction & Infrastructure

Document type: Policy · Generated 29 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a PPE policy and a task-wise PPE matrix — the policy statement and rules, required PPE per task or area, maintenance and training, and enforcement. Fill in your details below.

Purpose of this tool & output

Right protective gear for every task

How the output is used

Adopt the PPE policy and matrix to make the right protective gear mandatory for every task and to enforce it on site.

Who receives it

Approved by the project/safety head; applies to all workers, staff, subcontractors and visitors on site.

Important cautions

AI-generated policy; match PPE to actual hazards and standards.

Companion documents

- Construction Safety Plan
- HIRA / Risk Assessment
- Toolbox Talk Generator
- Incident / Accident Report
- Work Permit System (Height/Hot Work)
- Site Safety Training Plan

This is AI-assisted guidance. Verify with a qualified professional before any binding decision. Fees, authorities and processes vary by state and change over time — confirm with your state authority.
