

Prequalification Document Builder

Construction & Infrastructure

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Build a prequalification document that gets you shortlisted — structured PQ sections (company profile, experience, financial capacity, plant and machinery, key personnel, certifications), an evidence checklist and presentation tips. Fill in your details below.

Purpose of this tool & output

Qualify for the tenders you want

How the output is used

Use the document to qualify for the tenders you want by presenting capacity, experience and finances well.

Important cautions

AI-generated structure; match the tender PQ criteria exactly.
