

Resource & Manpower Planner

Construction & Infrastructure

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Plan labour, machinery and materials across your project phases — a resource plan per phase (manpower by trade, machinery, key materials) and a note on when demand peaks. Fill in your details below.

Purpose of this tool & output

Plan labour, machinery and materials over time

How the output is used

Use the plan to line up labour, machinery and materials to the schedule so work is never starved or idle.

Important cautions

AI-generated plan; validate against your schedule and productivity.
