

Site Layout & Logistics Plan

Construction & Infrastructure

Document type: Plan / SOP / strategy / guide · Generated 28 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Organise your site for efficiency and safety — a site layout (access and gates, material storage, batching, fabrication, labour and office, parking, safety zones), logistics (material flow, crane and hoist, traffic) and safety and statutory facilities. Fill in your details below.

Purpose of this tool & output

Organise the site for efficiency and safety

How the output is used

Use the layout to organise the site for efficient flow and safety — stores, batching, access, welfare and lay-down.

Important cautions

AI-generated plan; adapt to your site and safety norms.
