

Tender Evaluation Framework

Construction & Infrastructure

Document type: Financial model / analysis · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Compare bids objectively — an evaluation method, weighted technical criteria, financial comparison (rate reasonableness, abnormally-low-bid check) and recommendation logic. For owners and PMCs. Fill in your details below.

Purpose of this tool & output

Compare bids objectively

How the output is used

Use the framework to compare bids objectively on technical and commercial criteria and to defend your award.

Who should vet it

A tender committee or procurement consultant, to confirm the scoring is fair and rule-compliant.

Important cautions

AI-generated framework; follow your procurement policy.
