Document type: Contract / agreement · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Generate a clear work order for a site task — work description and scope, rate and quantity, timeline, payment terms, quality and safety requirements and conditions. Fill in your details below.

Purpose of this tool & output

Clear work orders for site tasks

How the output is used

Use the work order to instruct a site task on clear scope, rate and timeline so there is no dispute on what was authorised.

Who receives it

The issuing contractor and the executing vendor/subcontractor — both hold a signed copy.

Fees & charges

Usually issued under a master agreement; stamp duty applies only if it is a standalone contract.

Who should vet it

A project/commercial manager, to confirm scope, rate and terms match the master contract.

Important cautions

AI-generated document; verify rates and terms before issuing.
