

Productised Service Designer

Consulting & Professional Services

Document type: Plan / SOP / strategy / guide · Generated 13 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a productised service design — turn a custom service into a fixed-scope product with a name, fixed scope, deliverables, price, a repeatable delivery process, and target customer. Validate demand and margin. Fill in your details below.

Purpose of this tool & output

Turn services into scalable products

How the output is used

Use the designer to turn services into scalable, productised offerings with fixed scope and price.

Important cautions

AI-generated design; validate demand and margin.
