

DAO Governance Framework

Crypto & Web3

Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Drafts a full DAO governance framework — membership, proposal process, voting mechanism, treasury policy, committees and legal-wrapper options. Use this for the whole governance document; for a single piece use the Proposal Template Generator, Treasury Policy Builder or Voting Mechanism Designer.

Purpose of this tool & output

Describe your DAO and we draft a governance document with voting and treasury policies

How the output is used

Use the framework to draft a DAO governance document with voting, proposals and treasury policies.

Important cautions

AI-generated governance framework. DAO governance has significant legal and tax implications. Engage a blockchain lawyer.

Companion documents

- Proposal Template Generator
- Treasury Policy Builder
- Voting Mechanism Designer
- Contributor Agreement

This is AI-assisted guidance. Verify with a qualified professional before any binding decision. Fees, authorities and processes vary by state and change over time — confirm with your state authority.
