

Animal Welfare & Transport Compliance

Dairy, Poultry & Livestock

Document type: Plan / SOP / strategy / guide · Generated 16 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Produces a guide to animal-welfare and transport compliance for a livestock business — housing/handling standards, transport rules, cattle-movement documentation and record-keeping. Use it to avoid welfare-law trouble. For disease compliance use the Poultry/Livestock Health Compliance guide.

Purpose of this tool & output

Meet animal welfare and transport rules

How the output is used

Use it to meet animal welfare and transport rules — the humane care, handling and transport standards the law expects.

Important cautions

Animal transport and welfare are governed by the Prevention of Cruelty to Animals Act and transport rules, plus state-specific cattle rules. Inter-state cattle movement can attract scrutiny — carry proper certificates and follow local law strictly.
