

# Dairy / Livestock Compliance Roadmap

Dairy, Poultry & Livestock

Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

## Background

Produces a complete compliance roadmap for a dairy/poultry/livestock business — all registrations, licences and consents by activity and scale, with process and priority. Use it to become fully legal. For the FSSAI licence specifically use the FSSAI Licence Guide.

## Purpose of this tool & output

Every licence and registration you need

## How the output is used

Use it as a checklist of every licence and registration a dairy or livestock business needs, in sequence, before you scale.

## Important cautions

Requirements vary by state, scale and activity — larger dairy/poultry units need SPCB pollution consent and processing needs FSSAI. Confirm exact applicability and current rules with the local authorities/SPCB and a consultant.
