

FSSAI Licence Guide (Dairy Processing)

Dairy, Poultry & Livestock

Document type: Licence / statutory filing · Generated 16 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Produces an FSSAI licensing roadmap for a milk/dairy business — which category (registration, state or central) applies, documents, process, hygiene conditions and renewals. Use it to license processing/sale legally. For overall compliance use the Compliance Roadmap.

Purpose of this tool & output

Get the right FSSAI licence for dairy

How the output is used

Use it to get the right FSSAI licence for dairy processing — the correct tier (Registration, State or Central) for a milk-products unit and how to apply on FoSCoS.

Who receives it

Food Safety and Standards Authority of India (FSSAI), via the FoSCoS portal.

How to submit / file it

Apply on FoSCoS for the right tier (Registration / State / Central) with KYC, layout and product details; inspection may follow.

Fees & charges

Government fee varies by tier and years; typically modest for registration, higher for State/Central licences.

Who should vet it

A food-safety consultant for the correct tier and Schedule-4 hygiene compliance.

Important cautions

FSSAI tier depends on turnover, capacity and whether you operate interstate — thresholds change. Confirm current limits and requirements on the FoSCoS portal or with an FSSAI consultant before applying.
