

Online / D2C Dairy Selling Guide

Dairy, Poultry & Livestock

Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Produces an online-selling plan for dairy products — which platforms, listings, packaging for shipping, cold-chain/perishability handling, pricing and promotion. Use it to sell ghee/paneer/products beyond your local area. For branding use the Brand Building Guide.

Purpose of this tool & output

Sell ghee, paneer and dairy products online

How the output is used

Use it to sell ghee, paneer and dairy products online — the listing, packaging and delivery to reach D2C customers.

Important cautions

Shipping perishable dairy needs reliable cold-chain courier and is risky — start with shelf-stable ghee/sweets. Ensure FSSAI labelling for shipped food and factor courier/platform fees into price.
