

Establishment Registration Guide

Diagnostics, Labs & Imaging

Document type: Licence / statutory filing · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Explains registering a diagnostic centre under the Clinical Establishments Act or the applicable state rules — eligibility, standards, documents, process and renewal. Use it to register the establishment. For the full list use the Diagnostics Licensing Roadmap.

Purpose of this tool & output

Register your diagnostic centre

How the output is used

Use it to register your diagnostic centre under the applicable clinical-establishment law before you start operating.

Who receives it

The registration goes to the State/District authority under the Clinical Establishments Act or the state-specific establishment law, through its designated portal or office.

How to submit / file it

Apply with the premises, ownership, equipment, staff-qualification and other prescribed documents; provisional and then permanent registration follow, sometimes with an inspection.

Fees & charges

A state-set registration fee based on the establishment category; the registration is periodically renewed.

Who should vet it

The State/District registering authority, which verifies the premises, staff qualifications and standards before registration.

Important cautions

The Clinical Establishments Act applies only in states that have adopted it; other states use their own nursing-home or clinical-establishment rules with different standards and fees. Confirm the exact framework, standards and fees with your state health authority.
