

Collection Centre Franchise Agreement

Diagnostics, Labs & Imaging

Document type: Contract / agreement · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Drafts a franchise agreement between your lab and a collection-centre franchisee, from your discrete commercial terms. Use it to formalise franchising. For designing the program use the Franchise / Collection-Centre Model Design tool.

Purpose of this tool & output

Draft a collection-centre franchise contract

How the output is used

Use the draft for a collection-centre franchise contract — territory, fees, quality, branding and termination — then have a lawyer review it.

Who receives it

The agreement is between the lab (franchisor) and the franchisee; each keeps a signed copy.

Fees & charges

Stamp duty per your state stamp act; GST is handled in invoicing.

Who should vet it

A lawyer, to check the fee, quality-control, branding and termination clauses before signing.

Important cautions

This is a draft using your inputs, not legal advice. The lab remains legally responsible for report quality regardless of franchising. Stamp duty, registration and enforceability vary by state — have it reviewed and executed by a lawyer before signing.

Companion documents

- Collection Centre / Aggregator Agreement
- Hospital Lab Management (PPP) Agreement
- B2B Reference Lab Agreement
- Reagent-Rental / Equipment Placement Agreement
- Teleradiology Services Agreement
- Corporate Wellness Services Agreement

processes vary by state and change over time — confirm with your state authority.
