

Franchise / Collection-Centre Model Design

Diagnostics, Labs & Imaging

Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Designs a franchise or collection-centre program — franchisee criteria, investment, revenue share, support, branding and quality control. Use it to expand via partners. For the legal contract use the Collection Centre Franchise Agreement.

Purpose of this tool & output

Design your collection-centre franchise

How the output is used

Use it to design your collection-centre franchise — the model, support, fees and quality control to expand through franchisees.

Important cautions

The lab stays responsible for report quality regardless of the franchise, so enforce SOPs and quality control tightly. Structure clear commercials, territory and exit terms and formalise them in a franchise agreement drafted with legal help.
