

Diagnostics Licensing Roadmap

Diagnostics, Labs & Imaging

Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Maps all registrations and licences a diagnostic centre needs — establishment registration, signatory, AERB, PC-PNDT, biomedical waste, GST and more — in sequence with authorities and documents. Use it to get compliant. For accreditation use the NABL Accreditation Guide.

Purpose of this tool & output

Every registration your centre needs

How the output is used

Use it as a master checklist of every registration your centre needs — establishment, AERB, PC-PNDT, BMW and more, in sequence.

Important cautions

Registrations and their names vary by state (Clinical Establishments Act is adopted only in some states; others have their own rules). AERB and PC-PNDT are central-framework but administered locally. Confirm the exact list with your state health authority, AERB and District Appropriate Authority before applying.

Companion documents

- Establishment Registration Guide
- NABL Accreditation Guide
- AERB Radiation Licence Guide
- PC-PNDT Registration & Compliance
- Biomedical Waste Authorization Guide
- Signatory & Qualification Guide

This is AI-assisted guidance. Verify with a qualified professional before any binding decision. Fees, authorities and processes vary by state and change over time — confirm with your state authority.
