

Diagnostic Regulatory Compliance Guide

Diagnostics, Labs & Imaging

Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Produces a consolidated compliance guide for a diagnostic centre — establishment, signatory, AERB, PC-PNDT, biomedical waste, data privacy and consumer duties — with obligations and records. Use it to stay on the right side of the law. For the audit use the PC-PNDT Compliance Audit.

Purpose of this tool & output

Every rule your centre must follow

How the output is used

Use it as an overview of every rule your centre must follow — establishment, AERB, PC-PNDT, BMW and quality obligations in one place.

Important cautions

This is a consolidated overview; each area (AERB, PC-PNDT, BMW, establishment law, data privacy) has detailed rules that vary by state and change over time. PC-PNDT and radiation violations carry criminal liability. Confirm your specific obligations with the relevant authorities.

Companion documents

- PC-PNDT Compliance Audit
- Biomedical Waste Compliance Plan
- Inspection Readiness Checklist
- Patient Consent & Data Privacy Policy
- Records Retention & Sample Storage Policy
- Medico-legal Sample Handling Protocol

This is AI-assisted guidance. Verify with a qualified professional before any binding decision. Fees, authorities and processes vary by state and change over time — confirm with your state authority.
