This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Guides TPA and insurance empanelment and pricing — documentation, negotiated rates, cashless process, claim documentation and payment cycles. Use it to add insurance-backed volume. For wider outreach use the Corporate & Institutional Outreach tool.

Purpose of this tool & output

Price and get empanelled with TPAs

How the output is used

Use it to price and get empanelled with TPAs and insurers — the rate, documentation and process for insurance-linked test business.

Important cautions

TPA and insurer rates are usually lower than list and payments can be delayed with claim deductions — factor the administrative load and receivable into the decision. Accreditation helps empanelment. Confirm current rates and processes with each TPA or insurer.
