

Pre / Post Assessment Designer

EdTech & Training

Document type: Plan / SOP / strategy / guide · Generated 16 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Designs aligned pre- and post-training assessments to measure learning gain, with parallel questions and scoring. Use this to quantify what a training taught. For the broader impact plan use Training ROI / Impact Plan.

Purpose of this tool & output

Design effectiveness tests

How the output is used

Use the designer to build pre/post tests that show whether the training actually moved the needle.

Important cautions

AI-generated assessments; verify accuracy and alignment to objectives.
