This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Build a capex plan for a coaching/edtech investment — a new centre, teaching tech, LMS/app, or content library, funding and the return case — to plan and justify the spend. Describe the investment below.

Purpose of this tool & output

Plan centre, tech and content investment

How the output is used

Use it to plan centre, tech and content investment — a capex plan with cost, phasing and return to support the investment.

Who should vet it

Your CA or a finance-savvy advisor, to confirm the capex estimate and return before you commit or seek finance.

Important cautions

AI-generated plan; validate the fill-rate/return assumptions before investing.
