Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Design a mock test or test series for a target exam — pattern and blueprint (sections, marks, difficulty distribution), schedule, and analysis/feedback — so it accurately simulates the exam and drives improvement. Describe the exam below.

Purpose of this tool & output

Design tests that mirror the real exam

How the output is used

Use it to design tests that mirror the real exam — mock tests and a test series that build exam readiness.

Important cautions
