

Student Data Privacy & Protection Plan

Coaching, Tuition & Test-Prep

Document type: Policy · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a data-privacy and protection plan for a coaching/edtech business — handling student and parent data (much of it minors'), consent, security, and compliance with the DPDP Act — to protect data and meet legal duties. Describe your context below.

Purpose of this tool & output

Protect student (and minor) data

How the output is used

Use it as the student data privacy and protection policy — how student (and minor) data is collected, stored, used and shared safely.

Who receives it

It is an internal policy owned by the institute, applied by all staff who handle student data, and reflected in the consent parents and students give.

Important cautions

AI-generated plan; the DPDP Act requires verifiable parental consent for minors data - confirm current rules and consult a professional.
