Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Produce a teaching quality assurance SOP — class observation, student feedback, outcome monitoring, and improvement loops — so teaching quality is systematically maintained and improved across faculty. Describe your context below.

Purpose of this tool & output

Systematically ensure teaching quality

How the output is used

Use it to systematically ensure teaching quality — a QA SOP with observation, feedback and standards across faculty.

Important cautions

AI-generated SOP; use QA to develop faculty, not just police them.
