This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Builds a social-media and content plan — product highlights and demos, buying guides and comparisons, offers, service/trust content, and customer stories — so you build local following and trust that drives store visits. Use it for social presence. For reviews use the Reviews & Reputation tool.

Purpose of this tool & output

Build local following with product content

How the output is used

Use it to build a local following with product content — a social-media and content plan that shows products and builds trust.

Important cautions

Honest buying-guide and demo content builds the trust and authority that draws customers to your store over faceless online; showcase offers, service and real customer installations. Consistency and genuine helpfulness win.
