

EPC Contract (Power Project)

Energy, Power & Renewables

Document type: Contract / agreement · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Drafts an India-oriented EPC contract for a utility-scale power project — a clause-by-clause draft covering scope and specs, performance guarantees, price and milestones, timeline and LD, quality, testing and commissioning, warranties, O&M, insurance, force majeure, termination and arbitration, plus schedules. Use this for a generation project. For a rooftop deal use the Solar EPC Contract; have this reviewed by a lawyer.

Purpose of this tool & output

A robust EPC agreement for generation

How the output is used

Use the draft as the basis for a generation EPC deal, then have a lawyer review scope, guarantees, LDs and termination before signing.

Who receives it

The project developer and the EPC contractor who sign it, each keeping a stamped copy.

Fees & charges

Stamp duty on the contract value per your state stamp act; GST is handled in invoicing.

Who should vet it

A lawyer — to check the performance guarantee, liquidated damages, liability cap and termination before signing.

Important cautions

AI-generated template; have it reviewed by a lawyer before signing.
