

Installer / Subcontractor Agreement

Energy, Power & Renewables

Document type: Contract / agreement · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Drafts an installer or subcontractor agreement for an energy business — a clause-by-clause draft covering scope, rates and measurement, quality and safety, timeline, warranty, compliance, payment and retention, and termination, plus schedules. Use this to engage installation subcontractors. Have it reviewed by a lawyer.

Purpose of this tool & output

Engage installation subcontractors

How the output is used

Use the draft to engage an installation subcontractor — scope, safety liability, workmanship warranty, timeline and payment — then have a lawyer review it.

Who receives it

Your company and the installation subcontractor who sign it, each keeping a copy.

Fees & charges

Nominal stamp duty per your state stamp act; GST is handled in invoicing.

Who should vet it

A lawyer — to check the scope, safety liability, workmanship warranty and payment terms before signing.

Important cautions

AI-generated template; have it reviewed by a lawyer before signing.

Companion documents

- Equipment Supply Contract
- Vendor Evaluation Framework
- Equipment Procurement Plan
- AMC / Service Contract
- Warranty Terms Builder
- Rooftop / Land Lease Agreement

This is AI-assisted guidance. Verify with a qualified professional before any binding decision. Fees, authorities and processes vary by state and change over time — confirm with your state authority.
