

Sustainability Report Builder

Energy, Power & Renewables

Document type: Plan / SOP / strategy / guide · Generated 16 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Builds a sustainability report structure — about, material topics, environment, social, governance, targets and progress, and data — aligned to BRSR / GRI awareness and kept credible (data-backed, no greenwashing). Use this to report your sustainability progress. For the underlying strategy use the ESG Strategy Builder.

Purpose of this tool & output

Report your sustainability progress

How the output is used

Use it to report your sustainability progress — structure, metrics, narrative and alignment to common frameworks, in a credible format.

Important cautions

AI-generated structure; use verified data and align to the applicable framework.
