

Consent to Establish/Operate Guide

Environment & Waste Management

Document type: Licence / statutory filing · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a guide to obtaining SPCB Consent to Establish (CTE) and Consent to Operate (CTO) for a project — category, documents, pollution-control requirements, and the application and renewal process — under the Water and Air Acts. Describe the unit below.

Purpose of this tool & output

Navigate CTE and CTO end-to-end

How the output is used

Use it to navigate Consent to Establish (CTE) then Consent to Operate (CTO) end-to-end — what to prepare so category and treatment satisfy the SPCB.

Who receives it

The State Pollution Control Board (Consent to Establish / Consent to Operate).

How to submit / file it

Apply on the state PCB portal with the project, effluent/emission and treatment details; category (red/orange/green) decides scrutiny.

Fees & charges

A fee based on category and project cost; validity and renewal vary by state and category.

Who should vet it

An environmental consultant for category, norms and treatment design.

Important cautions

AI-generated guide; category and conditions vary by state SPCB - confirm locally.

Companion documents

- Consent Application Kit
- Industry Category Determination
- Online Monitoring (OCEMS) Guide
- Pollution Control Equipment Selection
- Consent Renewal Guide
- Forest / Tree / NPV Clearance Guide

This is AI-assisted guidance. Verify with a qualified professional before any binding decision. Fees, authorities and processes vary by state and change over time — confirm with your state authority.
