

E-Waste Recycling / Dismantling Guide

Environment & Waste Management

Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a guide to e-waste dismantling and recycling — collection and sorting, safe dismantling and material recovery, hazardous-fraction handling, and registration/compliance — to run a compliant e-waste operation. Describe the operation below.

Purpose of this tool & output

Recover value from e-waste safely

How the output is used

Use it to recover value from e-waste safely — the dismantling and recovery process that extracts value without unsafe practices.

Important cautions

AI-generated guide; e-waste recycling requires CPCB-registered facilities and safe practices - unsafe recycling is illegal and hazardous.
